NMIBC Solutions That Improve Visualization and Resection Precision

See Your Patients Like Never Before

Bladder Cancer Has a Big Impact on Patients' Quality of Life

Over 3 million **total prevalences worldwide in 2021.**[1]

Up to 70% **recurrence rate after initial TURBT.**[2]

14% of patients **are affected by depression.**[3]

One of the most costly tumors **due to lifelong monitoring and treatment.**[4]

Together We Address Challenges in Procedures

- **Enhanced visualization of lesions** for early detection and complete resection, ensuring no residual tumors.
- Easily access and identify subtle abnormalities.
- Easy-to-use equipment designed to keep the **focus on the patient and procedure**.
- Enhanced precision and control during tumor resection.

See Hidden Tumors with Clarity

Optimize Your Patients' Care Pathway

Diagnosis

Early Patient Care Focus
Visualization of crucial tissue changes during cystoscopy.

VISERA S
Diagnosis visualization system

Flexible Video Cystoscope

Surgery

Complete Resection Focus
Advanced visualization and plasma resection for precise and confident endourology procedures.

VISERA ELITE III
Surgical imaging system

4K Pendulum Camera Head

PLASMA+
Bipolar resection system

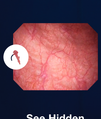
Follow-Up

Postoperative Surveillance Focus
Ergonomic design for reduced invasiveness during cystoscopy.

VISERA S
Diagnosis visualization system

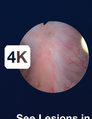
Flexible Video Cystoscope

The Olympus NMIBC Solutions Help You to See Your Patients Like Never Before



See Hidden Tumors with Clarity

Flexible cystoscope supports all-directional observation of mucosal surface structure.

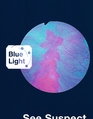


See Lesions in Better Detail

4K imaging supports the visualization of crucial details.

See Vascular Structures in a Different Light

4K Narrow Band Imaging depicts structural changes in the mucosal layer.



See Suspect Areas Clearly

Blue Light Observation in fluorescence-guided resection is more sensitive for detecting malignant tumors compared to white light procedures.

Product Name	Product Code
VISERA S VIDEO SYSTEM CENTER	OLYMPUS OTV-S500
FHD Surgical Display	MDEC-2523
CYSTO-NEPHRO VIDEOSCOPE	OLYMPUS CYF-VH
HD CAMERA HEAD	OLYMPUS CH-S200-08-LB
VISERA ELITE III VIDEO SYSTEM CENTER	OLYMPUS OTV-S700
VISERA ELITE III LED LIGHT SOURCE	OLYMPUS CLL-S700
4K 3D/2D 32-inch LCD Monitor	LMD-X320ST
4K CAMERA HEAD	OLYMPUS CH-S700-08-LB
Surgical Energy Platform	ESG-410
BL FILTER	MAJ-2544
Light-guide Cable	A9200A
OTV-S700 UPGRADE PACK BL	MAJ-2513
Light-guide Adapter	A0460

As medical knowledge is constantly growing, technical modifications or changes of the product design, product specifications, accessories and service offerings may be required.
